

Solution System Requirements	Operating Systems	Required Software Components
uniFLOW 2018 LTS	Windows Server 2008 R2 SP1	Microsoft .NET Framework
	Standard installation with a graphical user interface	uniFLOW and the RPS require the following Microsoft .NET Framework versions. This applies to each Windows server system where uniFLOW or the RPS are to be installed. If the required Microsoft .NET Framework is not present on the system, the uniFLOW installer automatically installs the necessary packages during the installation.
	Internet Information Services (IIS) 7.5 (prepared for a uniFLOW installation)	Microsoft .NET Framework 3.5 Service Pack 1
	Internet Explorer 11	Microsoft .NET Framework 4.5.2
	Windows Server 2012	Database
	Standard installation with a graphical user interface	SQL Server 2008 R2 Express Edition is delivered with each uniFLOW installer and can be installed locally during the installation routine.
	Internet Information Services (IIS) 8 (prepared for a uniFLOW installation)	If the SQL Server 2008 R2 Express Edition's maximum storage capacity of 10 GB is not sufficient, a separate Microsoft SQL Server license is required.
	Internet Explorer 10	The following Microsoft SQL Server versions are compatible with uniFLOW:
	Windows Server 2012 R2	Microsoft SQL Server 2005 (Enterprise, Standard, Workgroup, Express)
	Standard installation with a graphical user interface	Microsoft SQL Server 2008 (Datacenter, Enterprise, Standard, Workgroup, Express)
	Internet Information Services (IIS) 8.5 (prepared for a uniFLOW installation)	Microsoft SQL Server 2008 R2 (Datacenter, Enterprise, Standard, Workgroup, Express)
	Internet Explorer 11	Microsoft SQL Server 2012 (Business Intelligence, Enterprise, Standard, Express Edition)
	Windows Server 2016	Microsoft SQL Server 2014 (Business Intelligence, Enterprise, Standard, Express Edition)
	Standard installation with a graphical user interface	Microsoft SQL Server 2016 (Enterprise, Standard, Express Edition)
Internet Information Services (IIS) 10 (prepared for a uniFLOW installation)		
Internet Explorer 11
